Dear Students,

Welcome to the course – RÄSE01 The UN Convention on the Rights of the Child, Children´s Rights, and Global Health

This course is delivered by the Sociology of Law Department (Rättssociologiska Institutionen) at Lund University and will run between the period of August 30 and November 7th, 2021. The course will be delivered in English and teaching will be entirely web based and communication, information and examination will take place on the online learning platform Canvas. (If you have problems with Canvas, contact Lu-servicedesk: servicedesk@lu.se or tel. 046-222 90 00)

Before the course starts, we would like you to access and get to know the platform (Canvas) and also create a presentation of yourselves - preferably with a photo. The presentation is required and fulfills two functions. Firstly, it gives students the opportunity to get a picture of your study colleagues - and hopefully to establish contact. Secondly, it gives us as course developers a picture of what our student group looks like. Therefore, please put some work into your presentation.

It is recommended to get familiar with the platform and test different features as soon as possible. Please contact your fellow students using the communication tool - it will be more interesting if you have someone to discuss relevant questions with throughout the course. In” Discussions” to the left you will meet with your classmates. There you control the content yourselves.
